* Honors Special Topics classes are created by Honors Arkansas, a consortium of Honors Program and Colleges throughout Arkansas. The class is free and open to Honors Program members.
 The 1 unit class consists of interclassroom with/without to speakers from around the state on Tuesdays and complete a discussion based on each day's "theme."
 The 3 unit class does the same but adds a project which students will choose and create together.
 If you are interested, let Sabrina Chesna know - schesna@iwacc.edu. This is not a class you can register for through Worldway.
 The class can transfer but is not part of the hours you need to earn your degree at IWACC.
